From the year 2011, the calendar is filled with a lot of exciting activities. The Diwali cracker and the Carnatic music season is the main highlights of the festival. Another highlight is the food festival organised by the Kolkata Municipal Corporation, which comes along with the festival. There are also a lot of parties every night and every weekend, such as the Cinematograph parties and the Republic Day parties, with dancing and music throughout the night. Inflammatory Activities of Clove Oil: A Review. Clove oil (CO) is a plant essential oil that belongs to the family of clove, i.e., caryophyllene. Clove oil is commonly used in food and cosmetics. Several studies have demonstrated that CO and its essential oils are of a broad spectrum of biological activities including antimicrobial, antifungal, antioxidant, anti-inflammatory and analgesic activities. A review of the scientific literature over the period of 1950 to 2016 revealed more than 1300 articles related to the efficacy of CO and its constituents. The purpose of this review was to draw the attention of researchers, academicians, and industry to the importance of CO as an effective phytotherapeutic agent for the management of various human diseases. The review also emphasized the need to formulate fixed dose combination and combination therapy using CO to decrease the cost of medicines
